# Combining the capacities of three plants

2022/2023 NORDECO  
design

In keeping with established tradition, we continue to build a unique combination of inspiration and production technology, which allows the company to remain a flagship in the forestry industry and create laminated boards with the highest degree of environmental friendliness. We respect our history, are proud of our origins and produce time-tested products.

We manufacture products at three plants:

- Sh Sheksninsky Wood-Based Panel Plant
- Ch Cherepovets Plywood and Furniture Plant
- V VokhtogaLesDrev

# Преимущества плит NORDECO design

© Interprint GmbH

2022/2023 NORDECO  
design

1

Environmental  
friendliness of the  
board

Safe for health and the  
environment. E 0.5 — low  
formaldehyde emission class.

2

A large selection  
of embossing  
and thicknesses

6 types of embossing, maximally  
imitating the natural surface.  
Thickness of CB and film-faced  
chipboard — from 8 to 38 mm,  
MDF and LMDF — from 6 to 24 mm

3

Chipboards with  
increased water resistance,  
including P3

Possibility of choosing a board that  
is resistant to moisture for rooms  
with high humidity — kitchens,  
bathrooms, etc.

4

Tradition  
and Quality

Manufacturing experience since  
1958. The high quality of the  
boards, confirmed by certificates  
and time-tested.

5

The versatility  
of the decors

Color-coded decors that match  
perfectly. New items in the  
collection are NORDECO design  
marble decors.

6

Responsible forest  
management

All products are FSC certified.

# ROOTS collection

# ROOTS

2022/2023 NORDECO  
design

The ROOTS Collection invites you to turn to your origins and traditions. Thanks to the root, the plant feeds and grows. The deeper the roots, the stronger the tree. We are gaining strength and power thanks to the existing traditions and roots; these are our support and the guarantee of future success.

Today we invite you to evaluate the result and get acquainted with the new collection of laminated boards from NORDECO design. To create it, we carefully studied the trends and selected unique textures from hundreds of possible options. The decors of the ROOTS Collection have incorporated Scandinavian aesthetics and natural textures.

ROOTS is designed to inspire.

# CASHMERE

Simplicity is the essence of elegance

The decor in a basic beige shade is ideal as a base for various furniture solutions. It can be safely combined with fantasy or woody textures.

*Sandal Oak*

*Onyx*

# GRAY STONE

Time and place for yourself

A versatile decor that never goes out of style. It can be combined with any decors. An excellent choice for interiors of public, residential and work spaces. The foreground is not where you are, but yourself.

# JUSTUS

**Kitchen for memorable meetings**

Soft, smoothed cracks, as if darkened with age, give the decor a special charm.

The Justus oak decor makes the perfect companion for rough materials such as metal and stone, or monochrome decors.

*Manufacturer*

*Recommended  
embossing*

  
 E 0,5

2022/2023    **ROOTS**  
 nordeco.design

# ZEIDAN

In harmony with yourself

The decor imitates coniferous wood with a subtle tree ring pattern. Due to its large rapport, the decor is well suited for use on large surfaces, for example, on the facades of sliding wardrobes.

# DELANO OAK NATURE

House where music is often played

The beloved decor from the 2020 collection is now presented in a new natural color. Delano Oak is a classic imitation of the structure of oak with a pronounced planking and wide rapport, which is widely used not only for flooring, but also in furniture, giving it a natural rustic look.
